1. Introduction

National Informatics Centre Software Development Unit (NIC SDU), Pune, has been entrusted with the task of software development of eCourts application for the country. The eCourts is an eCourtIS (eCourt Information System) Software which is currently implemented in all the Establishments (District Courts and Taluka Courts) across India. The application is completely based on Open Source Technology.

1.1. Scope

The scope of this document is to provide assistance to the Judicial Management on how to use various tools provided in the ecourts application to monitor the pendency and performance of the courts.

1.1.1. Audience

This target audience for this document is the Judicial Management. This manual will guide the Individual Judges/Establishment Heads/High Court Management to use various modules and reports of the eCourtIS Application.

1.1.2. Purpose of this Document

This document will assist Judges to oversee the performance, monitor the pendency and expedite the process of justice delivery of own court or complete establishment. It provides an insight on the various modules and reports provided in the eCourtIS application that help the judges achieve this goal.

1.1.3. Objective of this Document

The main objective of this document is to provide insight on the following modules to enable Judges to monitor the pendency:

- Dashboard
- Today’s Cases
- Daily Proceedings
- Disposal Report in the Proceedings Report Section
- Balance Sheet in the DJPMC Section
- Pending Reports (Court Wise, Stage Wise, Nature of Case and Party Wise) in the DJPMC Section
- Data Health Card in DJPMC Section
- Calendar
- Query Builder
- Mobile APP
1.1.4. **Document Organization**

The structure of the document first includes the **Title page**, followed by Chapters which are then subdivided into subtopics.

**For example**, DJPMC denotes the chapter which is further subdivided into topics such as **Judge wise Monthly Report, Contested Disposal Report etc.** Each topic may be further subdivided into two subtopics to explain options such as **Add, Modify, Delete, or Report** subunits.

1.1.5. **Conventions**

- When you login, the Home Page with the Show Menu tab is displayed.
Figure 1: Login screen
3. Dashboard

After you log in, the Dashboard is displayed. The Dashboard interface displays important information (key performance) at a glance using Statistical Reports and Graphical elements such as Pie charts and Bar charts. The dashboard aims to help communicate the key information to the Court User/Management/Judges. It is also a very helpful tool for the Court User/Management/Judges to monitor the overall performance of the court. This section covers in detail all the features included in the dashboard. Refer to Figure Number 2 for the Dashboard.

![Dashboard Image]

Figure 2: Dashboard

The Dashboard displays the information given below:

Result set for Civil and Criminal Cases is shown in table format. Here, the system displays the Civil, Criminal, and Total (Civil and Criminal) in terms of Today’s Listed Cases, Undated Cases as on date, My Disposal in this Month (Disposed Cases for this month), and My Pending Cases. The table format will show the details given below:
3.1. **Today’s Cases**

Today’s Cases shows all the cases that are to be listed on the given day. Refer to Figure Number 3

![Figure 3: Today’s Cases](image)

- Next Purpose
  - If Civil is selected – Top 10 Civil Cases are shown.
  - If Criminal is Selected – Top 10 Criminal Cases are shown.
  - If Both is selected – Top 10 Cases (including Civil and Criminal) are shown.

The Cases column displays the Case Details as a link. When you Click this link, the system will display the “Case History” of that particular case. Refer to Figure 5 for Case History.

3.7. Case Type wise Pendency Bar Chart
The Bar Chart displays the graphical representation of Case Type wise Pendency count. This chart displays the pendency Case Type wise. (Refer to Figure Number 17).

![Case Type Bar Chart]

Figure 17: Case Type Wise Bar Chart

(Note*: All the entries displayed in the screen shot are as examples only)

3.8. Case Type wise Pendency Pie Chart

Pie Chart is the circle graph used for presentation of Pending Cases data. This data is represented in form of a circle with divided sections or segments. Each of these sections or segments represents the percentage of pending cases for each Case Type.

The pending cases are grouped or classified according to the number of years they have been pending, as given below:
- Less Than 2 Years
- 2 To 5 Years
- 5 To 10 Years
- 10 To 15 Years
- More Than 15 Years

The categories are marked with a color which makes it easy to identify and understand the pendency of the cases at a glance. (Refer to figure 18 given below)

![Figure 18: Year wise breakup of Pendency](image)

The colors assigned are described in the table given below:

**Table 3: Table for Color Code**

<table>

The Pie Chart in Figure Number 22 displays the cases pending for 51% of cases Less than 2 Years displayed by □ colour, 29% of cases pending in the range of 2 to 5 Years displayed by □ colour, and 20% of cases pending between 5 to 10 years displayed by □ colour.

![Figure 19: Pendency Pie Chart](image)

When you place the mouse on a segment of the Pie Chart, the corresponding bar chart will display the same data in a more detailed manner, which means that the bar chart will display the total number of each pending Case Type. Refer to Figure Number 20.

![Figure 20: Pendency Pie Chart with details](image)
4. Daily Proceedings

This option provides the facility to record the business transacted during the course of the day. It allows the court to understand the pendency of a matter, to give the Next Date, Record Business and Exhibit, view the entire Case History and so on.

4.1 Case Proceedings

This option provides the facility to record the business transactions during the course of the day. It will also allow the court to understand the pendency of a matter so as to give the Next Date, Record Business and Exhibits, or to view the entire Case History and so on. All the cases that are listed for the day will be displayed in the Case Number select box.

![Image of eCourtIS interface with Case Proceedings screen]

Figure 21: Navigation pane for "Case Proceeding" screen

To access the Case Proceedings screen, follow the steps given below:

1. On the Navigation pane, click the Case Proceeding menu. (Refer to Figure Number 21)
2. Then, click the Daily Proceedings sub menu followed by Case Proceedings.
3. When you click Case Proceedings sub menu, the Case Proceedings screen with Civil as the selected option is displayed. (Refer to Figure Number 22)
**Figure 22: Case Proceedings screen**

You can record the business transactions for Civil and Criminal cases. By default, the system will display Civil as the selected option. You can choose the options mentioned above by selecting their respective radio buttons. The system will load the cases in the Case No. select box according to your selection.

The various features are as described below:

There are two tabs, the **Proceedings** tab and the **Presence** tab.

**Proceeding tab:**

In the **Proceedings** tab, you need to add details such as Next Date, Purpose of Listing, Business, Order Passed, Exhibits and Adjudgment.
Figure 23: Proceedings tab, Todays Date

a. Todays Purpose, Pending Since

This option lists the Purpose for which the case is listed, for example “Arguments (18)” - indicates the number of times the Case is listed for the same purpose i.e. the Case is listed for Arguments 18th time.

The round circle next to the count is shown in “Green”, “Orange” or “Red” depending on the number of times the Case is listed on the same stage. The Colour Coding is as listed below:

For example

- Green indicates that, the case is listed on the same stage for less than 3 times.
- Orange indicates that, the case is listed on the same stage more than 3 times but less than 6 times.
- Red indicates that, the case is listed on the same stage for more than 6 times.

Pending Since- indicates the pending status of the case
For example, consider Figure Number 24, where Today’s Purpose shows red circle which means that the case is listed on the same stage for 11 times which is more than 6 times and is pending on the stage Evidence since 5 Months and 2 Days.

b. Next Date

This option is used to select the Next Date on which the case is to be listed. Select the Next Date using the calendar control. The calendar control will show the holidays in red, if they are properly updated in the Holiday Master, it will also display the already listed cases scheduled, as per the calendar date. Refer to Figure 25.

Purpose of Listing

This field selects the Purpose/Stage for which the case is to be listed on the next date. By default, the purpose listed on the current date is selected. Refer to Figure 25.

Cases on this Stage/Total Cases

With this feature, you can view the scheduled cases to be listed on the selected date (Next Date). The total number of cases that are matching with the Purpose/Stage of the selected case is displayed. This gives a general idea to the court, on whether the current case can be accommodated on that particular day. Refer to Figure 25.

For example 1/43- indicates that a total of 43 cases are listed, on the selected date (next date) and out of these, 1 Case is listed for the same Purpose/Stage as that of the current case.
c. **Business**

This option is used to type the short description or summary of the business which is recorded during the day. For example **“The Arguments have been heard by both the Advocates”**. This is then recorded in the diary and is visible on the kiosk and the website. The full deposition is not expected to be recorded here. Refer to Figure 26.
Figure 26: Business feature
d. **Order Passed**

Short Orders passed in the current case may be selected from the select box. Multiple selections can also be made. **Refer to Figure 27.**

**Exhibits**

Documents submitted in the court, by the parties or their advocates are marked as Exhibits. Such exhibits are numbered and recorded in the diary. The serial number of the exhibit and its title are entered in this text box. **Refer to Figure 27.**

![Figure 27: Order passed, Exhibits feature](image_url)
e. Adjournment

This field is used to select the reason for adjournment, if the case is adjourned. Refer to Figure 28.

![Adjournment feature](image)

9. eCourts Mobile App: Introduction

The eCourts Services Mobile application, which is available in both Android and iOS versions, provides facility in the form of My Cases to create the portfolio of the Cases and track the cases in live mode. Judicial Management can make use of this Mobile App to track the pendency. For example, Judge can save top 200 pending cases in the Mobile App and can track and focus on the Cases. The App prompts the Judge that out of 200 saved cases, 4 are listed today in the morning itself. The reminder will assist the Judge to focus in these 4 Cases when all the matters are heard in the court.
